STATEMENT OF PURPOSE

National BIWAYS is produced by the Australian Bisexual Network to inform its audience about social, political and personal issues relevant to bisexuality, to provide a forum for exchanging opinions and sharing experiences, to link up with and support geographically or socially isolated bisexual people, to foster the Bisexual Movement in Australia and to help build a diverse multicultural community of bisexual and bi-friendly people and groups in Australia.

ABN realises that bisexuality is inextricably linked to other identities (gender, race, class, etc). Our intention is that National BIWAYS will represent a broad spectrum of bisexual voices and images. We are committed to taking an active role in building a multicultural bisexual community free of racism, sexism, classism, homophobia and other forms of oppression.

Through self-examination and through the contents of this news magazine, we will endeavour to challenge our own racism, classism, sexism (and our own biphobia) as well as that of others. We will work to create a supportive bisexual community and to promote equality and understanding for bisexual people in both the heterosexual and the lesbian/gay communities. We regard ourselves as part of a larger sexual minority (queer) community, a gay, lesbian, bisexual and transgender community, and consider the fight for lesbian and gay rights to be our own. We advocate the recognition, inclusion and involvement of bisexual people in existing gay and lesbian communities, in lesbian and gay politics, in community development and consultations, in sexual health and HIV/AIDS issues, policy, research and education.

We are sex-positive, recognising that we live under increasing sexual oppression. We support sex education for its own sake. We advocate the distribution of information and resources to halt the spread of HIV/AIDS, STDs and unwanted pregnancies. We support the rights of people with HIV/AIDS to be free of discrimination, to have access to information, housing and quality medical care and treatments.

We seek to expand, not constrain, the definitions of bisexual and we respect the right of the individual to define her/his own self-definition, identity and type of relationship(s), free from any social, political, religious or economic coercion. We acknowledge the right of partners, particularly female partners of bisexual men, to quality non-judgemental counselling and health services if needed, to greater understanding by all communities and to honesty in their relationship.

National BIWAYS is published at least once every two months. It is available by subscription, exchange or from the various affiliated bisexual groups in each Australian state and territory. The views expressed in this magazine are those of the authors unless otherwise stated. The inclusion of a person's name or photograph or business advertisement should not be taken as an indication of their sexual identity.

The Australian Bisexual Network, Bisexual Youth Forum, the Bisexual Resource and Drop-In Centre and National BIWAYS are unfunded and rely on your support to keep going. We welcome submissions of material for publication; assistance with production; involvement in Network and group activities; individual and community financial or "in kind" support.

Material in National BIWAYS may be reproduced by other bisexual or bi-friendly groups provided the publication and author are acknowledged. We encourage other groups to do the same.

Editorial

A special welcome to new members and readers and I hope everyone enjoys this issue of National Biways.

People have often said, there is no Bisexual Community in our major cities or Australia for that matter. Well I want to inform you our members and readers, that there is indeed a Bisexual Community out there. It might not be as large as other identifiable communities but it does exist. It is in our cities and towns and across our open spaces.

A Community can be a caring, supportive network, group or collective of people who band together for a common good or goal or because of something they all believe in or share. Our commonality is our Bisexualality, our common goals are acceptance, understanding and happiness. What has consolidated us into a community is our belief in and support of the Bisexual Network and our own Community Centre.

Many of you would have received letters or have seen a letter in the last issue of Biways outlining the threat of closure of our Bisexual Centre in Brisbane. Some of you renewed your membership even when it was not yet due. Some of you sent in donations to help us keep the centre open. Thank-you to all of you for caring. This is what a Community is all about. You have proved that we do have a Bisexual Community in Australia.

Your support has allowed ABN to pay for September and October rent with enough to also cover November and December. This would have given us time to lobby for funding, support and greater recognition. QBN had submitted a major funding application to the Queensland Health Promotion Council which included a paid counsellor / educator, operation of the Bisexual Centre, workshops held at the centre and regional centres, advertising and financial support for the establishment and enhancement of regional groups in Queensland. The discussion on whether the Bisexual Health and Esteem Project is funded or not will be known in December.

Unfortunately for the bisexual community and ABN/QBN, the Bisexual Centre at East Brisbane will close on or before October 31st. Several demands were placed on ABN/QBN in the first week of October by the landlord. We could not commit ABN/QBN and the members to a 12 month lease when funding has not been guaranteed. Failure to meet the lease requirements, should funding be again refused, would mean eviction and the lease amount would still have to be paid - by the members. It is better to close the Centre and move out for what may only be a short period, than risk the possible consequences. ABN/QBN will be able, should funding become available, to obtain premises that are more accessible by public transport and also accessible to people with physical disabilities. People are also investigating temporary premises which we should hear about soon.

We still need your help. If you are not a financial member of ABN then we urge you to join. Not only does your fees assist ABN's operation, but membership numbers give us valuable lobbying power. ABN currently has 134 financial members and 6 organizations ranging from a legal service in Qld; a University group in W.A.; a gay counselling service in S.A.; an AIDS Council Beat Education team in Victoria to an AIDS Council regional branch in NSW and a sexual health clinic also in NSW. Some of these members have made donations ranging from \$5 up to \$100.

ABN also has a register of a further 294 associate members - non financial and lapsed members. If you are one of these, please join up and help our family. Can you imagine the political lobbying power of such a membership!

Other areas where help can be given, is for each of us to individually lobby our state or federal members, Queensland Health Minister the Hon. Ken Hayward and the Federal Health Minister Str. Carmen Lawrence. If you are an organization, do let others know of the work and effort we do and also send ABN letters of support that we can use for our submissions.

ABN/QBN is most grateful of the work of the volunteers within ABN/QBN, regional areas and at the Centre. A special thanks must go out to Victor; Martin and Jeff who have staffed the Bisexual Centre with me. Thanks also to Christine; Damian; Bill and Julia who have helped with activities and representing ABN/QBN. Much work has been done by people in Sydney; Melbourne; Adelaide; Hobart; Canberra; Perth; Gold Coast; Mooball; Bundaberg; Rockhampton; Townsville; Noosa and the Sunshine Coast over the past year.

A joint management committee for ABN/QBN was elected in September and their primary goal after funding is incorporation. The necessary application is currently being prepared. There are still vacancies on the committee, if you feel you can help out in some way. You must be a financial member and reside within 2 hours of Brisbane.

September also saw ABN set up a National Council based on a regional and special interest representation. Vacancies also exist on the Council should you wish to be a representative for your region or one of the special interest areas. Details of filled and vacant positions can be found further over in this issue. We thank those who nominated.

Finally thanks must go to Joe Debattista of Queensland Health who has assisted us recently and to the Queensland AIDS Council especially their Education Team in Brisbane.

Remember World AIDS Day is commemorated on December 1st with CounterAid on November 26th launching this years AIDS Awareness Week. So buy a Red Ribbon to show you care and are AIDS aware and wear it with pride for those in the community who are living with HIV and AIDS and as a remembrance of those who have died. ABN/QBN will be in King George Square, Brisbane for CounterAid so do stop by and say hello.

Bi Activism at ILGA World Conference.

Wayne Roberts attended the International Lesbian and Gay Association World Conference in New York in late June, early July. With the encouragement and financial support of the International Conference to Celebrate Bisexuality, Wayne attended many of the sessions over the week and networked with people from all over the world.

Of course the highlights of the Conference were the three bisexual sessions and ABN being accepted as a new member of ILGA. ABN became the second bisexual group to join. The London Bisexual Group joined in 1990. ILGA is an umbrella group which lobbies for social and legal change world-wide and improve the conditions of gay men, lesbians and yes, bisexuals. ILGA held consultative status at the United Nations until early August when under US pressure the ILGA was expelled. This was despite the ILGA Conference expelling three pedophile groups to stop the push for expulsion.

At the Conference's closing plenary a five part statement prepared by Bi activists from the USA; United Kingdom; Australia; France; Jamaica; Germany; Sweden; and Venezuela, was presented calling on ILGA to acknowledge and openly welcome bisexual individuals and groups. It recommended that whatever statistics ILGA keeps, particularly those regarding human rights abuses be consistent with the sexual self-identification of the individuals abused. Many bisexual people are reported as gay men or lesbians when bashed or murdered around the world adding to the invisibility and plight of bisexual people and our rights.

The statement also recommended that ILGA should clearly state that its membership includes and welcomes bisexual individuals, groups and bi-inclusive lesbian groups. ILGA needs to encourage its membership to also become bi-inclusive and advocate the rights of bisexual people.

The next ILGA World Conference is in Rio next year and details of the ILGA European Regional Conference in December is included in this issue for anyone going to Finland.

*Coming out day –
now over but not forgotten.*

Coming out day is mainly celebrated in the USA, however it is commemorated in some other Western countries such as the United Kingdom and New Zealand. It has been a feature of Perth's October Pride Celebrations since 1990 (though it is not on this year's list of events). For NCOD in Brisbane, ABN/QBN organised a Restaurant Night Out at Botticelli's Italian Restaurant at Breakfast Creek Wharf, Newstead. While poorly attended by members, a great night and a fine meal was had by all.

Ideas for Coming Out Every Day :-

Make a commitment every day to tell the truth about yourself to others.

Join a national or local bi-sexual; gay or lesbian organization.

Include your same sex partner in all your holiday and family events, and include your opposite sex partner in all your gay events.

Come out in the workplace and encourage your employer to include protections and benefits on the basis of sexual orientation.

Organize a visibility event on National Coming Out Day.

Write letters to local and national elected officials urging them to support fairness and equality to lesbians; gays and bi-sexuals.

Share your coming out story with other individuals or groups.

Volunteer with and support local and community organizations.

Support gay and non-gay companies that support the gay and bi-sexual communities.

Help make the identity of the bi-sexual or gay community as diverse as possible by getting involved and being visible - it truly makes a difference!

**Face it!
You're
BISEXUAL.**

Below are listed the ABN National Council representatives and members of the joint ABN/QBN management committee. The roles of National Council reps are being defined but in principle are to represent ABN in the region or special area they hold, to look at national policies and issues and to feed that information back to individuals and groups in the area they hold and to obtain information, issues etc of a personal, local or state basis from individuals and groups in the area they represent and feed back to a national level. Representatives are regional or special interest reps not reps of local bisexual or queer groups though there should be an exchange of information. Reps are there to represent all bisexual people & or partners and all bi, bi-inclusive and partner groups in their region or special area.

Only the two Co-Convenors are media spokespersons unless otherwise specifically indicated. All media are to be referred to the Co-Convenors first. Other specific areas of responsibility will be designated following consultations with each rep.

If you want to fill one of the vacancies on either the National Council or management committee please contact the Secretary.

NORRIE-MAY WELBY TRANSFORMED

Norrie-May Welby is 'out', outrageous and outspoken about being transgender. She also stars in the new video *The Transformation of Norrie-May Welby* which opens at the Boomerang Cinema, with fifty percent of profits going to AIDS organisations. The video, shot in Brisbane, features many well-known gay theatre personalities, including Nikki Kriess, as Lilac, who was clearly never meant to be a straight woman in the suburbs.

The rest of the cast and the interviewees for this docudrama were chosen with the support of Brisbane organisations like ATSA for transgenderists, Seahorse for transvestites and crossdressers, the Bisexual Network, QUVAA for needle exchange and information, SQWISI for sex workers and from among other lesbian, gay, trans, bi and community-friendly venues.

The writer-director, Jeddah Jakobsen, first met Norrie in a trans sex workers' patch in Sydney where, as a researcher with Roberta Perkins and Aidi Griffin, she was giving out questionnaires.

Jedda was inspired to write the script after filming Norrie's street performance, a strip in which she changes gender while singing *What Makes A Man*. Before moving to Brisbane, Jedda produced *Endomorphia*, an underground show about sexualities at Club 77, and directed art events through Airspace and Cyberspace collectives.

1995 : United Nations Year for Tolerance

On 20 December 1993, the General Assembly proclaimed 1995 as the United Nations Year for Tolerance (resolution 48/126). It invited the United Nations Educational, Scientific and Cultural Organisation (UNESCO) to assume the role of the lead organization for the Year, and to prepare a declaration on tolerance.

Member States were invited to cooperate with UNESCO in preparation of the national and international programmes, and to participate in implementing the activities to be organized for the Year.

The Assembly also recommended that the specialized agencies, regional commissions and other organizations of the United Nations system consider the contributions they could make to the success of the Year.

The proclamation of 1995 as the United Nations Year for Tolerance had been an initiative of the General Conference of UNESCO.

POPULATION

Age of Awareness Many gay men and lesbians sensed something "different" about themselves as early as age four or five. The age at which most acknowledge their homosexuality is between 14 and 16 years for males and between 16 and 19 years for females.

Source: Saghir MT, Robins E, Walbian B, *Male and Female Homosexuality*, Baltimore, MD: Williams & Wilkins, 1973.

Among Adolescents The Kinsey study found that from puberty to age twenty, 28% of boys and 17% of girls had one or more homosexual experiences.

Source: Kinsey AC, Pomeroy WB, Martin CE, *Sexual Behavior in the Human Male*, 1948 and *Sexual Behavior in the Human Female*, 1953, Philadelphia: W.B. Saunders.

Among Adults During adulthood, 37% of Americans have homosexual experiences. Ten percent are predominantly homosexual. (This is the source of the commonly accepted 10% figure.)

Source: Kinsey, op cit.

STRESS FACTORS

Isolation Eighty percent of lesbian, gay, and bisexual youth report severe isolation problems. They experience social isolation (having no one to talk to), emotional isolation (feeling distanced from family and peers because of their sexual identity), and cognitive isolation (lack of access to good information about sexual orientation and homosexuality).

Source: Hetrick ES, Martin AD, "Developmental Issues and Their Resolution for Gay and Lesbian Adolescents," *Journal of Homosexuality*, 14(1/2):25-43, 1987.

Family Difficulties Half of all lesbian and gay youth interviewed report that their parents rejected them due to their sexual orientation.

Source: Remafedi G, "Male Homosexuality: The Adolescent's Perspective," *Pediatrics*, 79: 326-330, 1987.

Substance Abuse In a study of gay male adolescents, 68% reported alcohol use (with 26% using alcohol once or more per week), and 44% reported drug use (with 8% considering themselves drug-dependent). Among young lesbians, 83% had used alcohol, 56% had used drugs, and 11% had used crack/cocaine in the three months preceding the study.

Source: Rosario M, Hunter J, Rotheram-Borus MJ, Unpublished data on lesbian adolescents, HIV Center for Clinical and Behavioral Studies, New York State Psychiatric Institute, 1992.

SUICIDE

Incidence Gay youth are two to three times more likely to attempt suicide than heterosexual young people. It is estimated that up to 30% of the completed youth suicides are committed by lesbian and gay youth annually.

Source: Gibson P, LCSW, "Gay Male and Lesbian Youth Suicide," *Report of the Secretary's Task Force on Youth Suicide*, U.S. Department of Health and Human Services, 1989.

Multiple Attempts In a study of 137 gay and bisexual males, 29% had attempted suicide, almost half of whom reported multiple attempts.

Source: Remafedi G, Farrow JA, Delsher RW, "Risk Factors for Attempted Suicide in Gay and Bisexual Youth," *Pediatrics*, 87(6), June 1991.

HIV/AIDS

Prevalence in Youth

Sixty percent of young adult cases of AIDS are among men who have had sex with men. Because HIV has an average incubation period of 10.5 years before the onset of AIDS, this statistic indicates that these young people were infected as teenagers.

Source: Centers for Disease Control, 1992.

A San Francisco study of gay and bisexual men revealed that 14% of the men between ages 17 and 22 were HIV positive—a figure four percent higher than young men in the 23 to 25 age group.

Source: AIDS Office, Bureau of Epidemiology and Disease Control, San Francisco City Clinic Special Programs for Youth and San Francisco Department of Welfare, "The Young Men's Survey: Principal Findings and Results." San Francisco, CA, June 1991.

Risk of Infection

The factors that place lesbian and gay youth at very high risk for HIV transmission include: having to exchange sex for money, unsafe sex, substance abuse, and denial of sexual identity.

Source: HIV Center for Clinical and Behavior Studies, New York State Psychiatric Institute, 1992.

VIOLENCE

Physical Assault

In a study of self-identified lesbian and gay youth in New York City, 41% reported suffering violence from their families, peers, or strangers. Of the violent incidents, 46% were directly gay-related and primarily perpetrated by family members.

Source: Hunter J, "Violence Against Lesbian and Gay Male Youths," *J. Interpersonal Violence*, 5(3) Sept. 1990, Sage Publications.

In the Schools

Forty-five percent of gay males and 20% of lesbian females experience verbal or physical assault in high school. Twenty-eight percent of these youth are forced to drop out of school because of harassment resulting from their sexual orientation.

Sources: National Gay and Lesbian Task Force, "Anti-Gay/Lesbian Victimization," New York, 1984; and Remafedi G, "Male Homosexuality: The Adolescent's Perspective," *Pediatrics*, 79: 326-330, 1987.

HOMELESSNESS

Expulsion from Families

Twenty-six percent of gay youth are forced to leave home because of conflicts with their families over their sexual identities.

Sources: National Gay and Lesbian Task Force, "Anti-Gay/Lesbian Victimization," New York, 1984; and Remafedi G, "Male Homosexuality: The Adolescent's Perspective," *Pediatrics*, 79: 326-330, 1987.

Survival Sex

Up to half of the gay/bisexual males forced out of their homes engage in prostitution to support themselves, greatly increasing their risk for HIV infection.

It also insures that IGLYO can continue to make advances on a national and international level.

We would like you to fill in the form and return it to our main secretariat in Amsterdam. If your organization decides to send a representative to this year's General Meeting in Berlin (15 and 16 October) you can pay the membership fee upon arrival. An invitation for the General Meeting is also enclosed. Those who don't attend the General Meeting will have to pay the membership fee by bank. We will let you know soon how to do that.

Lesbian and Bisexual

GIRLS ages 13-19

I am gathering writing for a book called
GIRL POWER: Young Women Speak Out Through Writing

Interested? Here's what I'm looking for:
JOURNAL ENTRIES, POETRY, NON-FICTION STORIES ABOUT YOUR LIFE

- Personal and intense, deep and revealing
- What it's like to be who you are, do what you do, live where you live
- Your struggles, dreams, fears, hopes
- What makes you angry?
- What makes you happy?
- What's it like growing up a girl in today's world?
- Do you feel oppressed? How?
- What would an ideal day be for you?
- What's wrong with the world?
- What do you think you can do about it?
- Tell me your secrets

Touch on any or all of the above or ANYTHING else you desire (except no fiction). Please be sure to fully describe yourself or have someone else describe you in writing.

If you're at all concerned, I can use just your first name or no name at all in the book, so feel free and safe to share yourself fully.

Also, please include a phone number and address so I can contact you.

Thanks, and write on!

INCORPORATION

Yes, that's right, we are now B.A.M. Inc. Lev got the final work done just prior to us getting this issue of Bifocal out. It cost the group a small fee but it has many advantages.

For instance, if someone for what ever reason decided to sue B.A.M., they can only get assets owned by the group. If we weren't incorporated then anyone suing us could take all the money the group had in the bank and then start working their way down the membership lists until the full amount was paid. It's kind of like accident insurance, you take it out in the hope that you'll never need it.

Other advantages are that the committee need to keep track of what they're doing with the money so that you, the members, can ask to see the books at any time. This reduces the chances of naughtiness by the committee. Another advantage is that if, for any reason, B.A.M. asks for a government handout of some sort, we have a nice official looking name which will have people in government circles saying, "Look, the bisexuals are organised, we'd better give them what they want!"

SBSN PICNIC

Spring's here so it's time for some outdoor activity! On Sunday 23 October, SBSN is meeting at Centennial Park for a picnic! The time is 11:30am at the barbecue area diagonally opposite the Kiosk.

Here's a more detailed description of where we're meeting. The main orbital road of Centennial Park is called the Grand Drive, and this meets another road called Parkes Drive. We're meeting near the north-west corner of this intersection.

The best bus to catch is the 389 bus from the Queen Victoria Building, which travels up Oxford Street. Get off the bus at Centennial Square, cross the road into the park, walk about 300m down Parkes Drive, and we'll be somewhere on your right.

You could also catch the 355 bus from Central Station and get off somewhere along Cook Road. This is about two blocks away from a pedestrian entrance to the park, at the roundabout on Lang and Mitchell Streets. The meeting spot is one or two hundred metres from this entrance.

Here are some suggestions on what to bring:

- ▼ A picnic lunch
- ▼ A picnic blanket
- ▼ A portable stereo and some CDs or cassettes
- ▼ A push bike or roller blades

Last time we caught a horse-drawn carriage and toured around the park after lunch. We might get an opportunity to do something just as interesting this time, so it's a good idea to bring a few dollars for spending money.

If in doubt, please ring MikZ on (018) 96 6692 on the day. If he doesn't answer his phone, you'll hear a message advising of any change in plans.

THE BLACK SHEEP BALL

SBSN's fund raiser, *The Black Sheep Ball* (or *We Are Family Too/II*) is getting closer! The date is **Saturday 19 November**, starting 9:00pm.

The groups that are helping us include Wicked Women, the Transgender Liberation Coalition, the Trany Anti-Violence Project, Seahorses, Boys will be Boys, the Dolphin Motorcycle Club and Leather Pride: The Second Coming Out. They're helping to plug the event and will also be supplying us with special items for a raffle/door prize on the night.

A lot of people from SBSN are helping with organising it. Maybe you'd like to help too, but don't have time to come to any organising meetings. If this is the case then **you can still help!** Please call MikZ on (018) 96 6692 or Cath at work on (02) 385 2312 if you can offer your services on the night.

At the moment, tickets are available direct from us. You can either write to us or pick them up at the next meeting. They cost \$18, or \$12 concession. This cost includes food, performances and Kate Monroe as DJ! Tickets will also be available through various outlets. This will be finalised by 1 October, so call our information number, (0055) 25926, after this date for details.

SEX QUIZ CARD NIGHT GREAT SUCCESS !

The third sex quiz card night was held on Friday the 7th of October at the Bisexual Centre, East Brisbane. Every one of the eight people who attended arrived on time and the cards were dealt fast and furious. Only Wayne and Adrian had attended a previous card night, so it was heartening to see all the new faces.

Wayne and Julia were asking the sex related questions, mainly to do with safe sex practises and sexual health in general. The questions started out relatively easy and progressively became harder if not impossible, even our two experts were managing to stump one another with the subsequent loss of apparel. The game continued to much laughter and nudity! Finally the last small piece of clothing was removed from the winner. All agreed to summon the baby oil for some therapeutic massage.

We all sat in a circle facing clockwise and massaged one another's backs, after a decent time we changed facing anti-clockwise and massaged the masseuse. Once everyone was relaxed and thoroughly massaged some light hands on/lips on sex play evolved. The night finished up at 12.30 and everyone went home with a smile on their face.

This is part of the sensationalist cover of The New Weekly 12/9/94. Where the story inside as well as other media outlets have claimed Keanu Reeves star of "Speed" is now living a Gay life style with David Geffen the record mogul. Reeves starred on stage in "Wolfboy" where he had his first gay kiss. Keanu appeared in "My Own Private Idaho" starring as a bi hussler. There have been rumours that a much deeper relationship existed between Keanu and his Idaho co-star, the late River Phoenix.

The one thing the Media never do when questioning celebrities about their sexuality, is ask them if they are bi-sexual rather than Gay. Sometimes they may answer yes to that line!

The Mother of the Bride.....??

It's 12.50 a.m. and you've been working for the past five days from 8.00 till 10.00p.m. Your 15 year old daughter is sitting up talking about school, friends, and the difficulty she's having at the moment because her 70 year old grandparents are staying for 10 days. You commiserate with her and gently suggest that grandparents don't last forever and we should be tolerant of their different perceptions of the world and her place in it.

In an exceedingly casual manner she says, "By the way mum, I think you should know, all my friends know now, I'm bi-sexual, please don't tell dad"

The brain stops, you work furiously at composing your face.....
for God's sake, keep your reactions to a minimum! This is something you've known she's been thinking about for quite a long time. You've thought about it too. Of course you've never mentioned your fears or suspicions to her, and she's never openly discussed her concerns with you. You've been able to discuss her best friend's decision to engage in sexual relations with her boyfriend and the practicalities that need to be taken care of. You've managed to point out that everyone is different and even if she doesn't approve of her friend's behaviour, she shouldn't throw away a friendship of six years just because her friends feels she has something to prove.

And so she says, "What do you think? Well Mum, what do you think?" "Oh", you blithely say, "I don't care if you write with your right hand or your left, as long as you can write!" There you are, what a clever calm response.

You are so good at this parent-

ing stuff and besides you feel quite sure that most teenagers experiment with their sexual positioning and eventually settle down in heterosexual relationships. The discussion meanders about with adamant statement that she is not a lesbian. You express concern that being bi-sexual is not an easy lifestyle- being in neither one thing nor the other is how you put it. Or not being welcome in either camp.

Again she asks you how you feel and you realise it's not you she's worried about. You say you feel fine but how about her?

"No", she says, "I don't feel good". You ask if she would like to talk to someone. "Yes", she replies, "yes that would be good." You offer to find someone after her grandparents have left. The conversation ends with your daughter telling you how pleased she is that you're her mother, and it's amazing that you are so calm!

You go about your normal business for a few days catching yourself thinking the most absurd things. What will her friends/enemies do with this information? What about the teachers? People will say it's because I raised her a feminist. The most ridiculous thoughts - I'll never be the mother of the bride!! Her life will be hell!

Eventually there is some time when you and your husband are able to have a private, uninterrupted conversation - no visitors, no children, some quiet time. You calmly tell him about the conversation; he is not calm he is angry! The school is blamed, the friends are blamed. It's trendy at the moment.

Gently, you bring him back to normality and you begin to talk it through. You need to get her

someone to talk to, someone who won't be judgemental either way. He needs to wait until she's ready to tell him before he tells her he already knows. Your local GP asks for time to find someone who is qualified in the area of adolescent sexuality. After three weeks she comes up with three names but can't vouch for any of them. In the meantime, you phone every number in the book that remotely appears to relate to the topic. Eventually you make contact with the Adolescent Health Centre in Flinders Lane, speak to a counsellor and organise for a session.

You daughter really thinks you've taken too long about this. The counsellor has made it clear she is working with the adolescent and not the parents. Mothers and fathers will only be seen if the adolescent suggests or requests the counsellor should work with them.

Five or six sessions later, you've had no feedback on what's happening but apparently all is well. After all, she told her father and wasn't he wonderful?

"That's fine sweetheart, you're still my darling and I love you". He gave her a hug and walked out the door, no signs of shock, surprise or anger!!

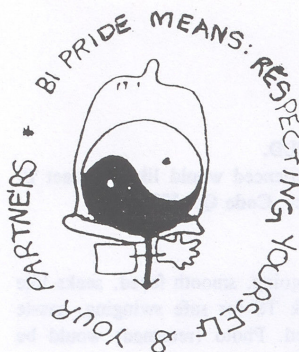

Rationally, I believe homosexuality is an acceptable lifestyle and should be seen by all as part of the norm. But where is the assistance for us, the parents? Who has the answers? We've still got a long way to go, we appear to be dealing with this well, but we are quietly bearing and concealing a lot of our feelings and fears.

E.O. Brisbane.

LORD,

Grant me the serenity to accept the things I cannot change,

*The courage to change the things I can,
And the wisdom to know the difference.*

Bisexual And Radical Feminist

BARF-PO Box 34086 Washington DC 20043

What's BARF?

BARF is a loose affiliation of Radical Feminist activists from all across the world who are bisexual and ready to take direct action to change the status quo. We consider our struggles a continuation of the efforts of Radical Feminists in the U.S. during the '60's-'70's. To this we add a distinctly Queer perspective.

Folks get together through BARF, find like minded people who they can work politically with, and become a CORE, (Clutter

Organization Resource Enhancer), group. Small COREs work together, formulating Bi/Rad/Fem theory, doing actions, and generally creating havoc. COREs get together for larger actions or projects. BARF is what YOU bring to it. You set the agenda.

Nat. BARF

National BARF is all about networking Bi/Rad/Fem activists, be that locally, regionally, or even Nationally. We maintain a PO Box, so people all around the world can find us. We respond to requests for information, and help in the formation of BARF local CORE groups in other cities. We're currently setting up an information packet to help other BARFs get started.

We do not set policies for local BARFs, every group runs itself, has it's own rules, and goals, although there are common agreements. National mainly just facilitates getting people in touch.

We are also putting together a newsletter for Bi/Rad/Fem theory, networking, and news of actions. We like to share what's working for folks.

Local BARFs

BARFs are organized on the local level into CORE groups, for example Metro DC may be a BARF for a while, but then need to split into different groups focusing on different projects. this is fine. The groups may also have strong differences. This, too, is fine. Someday I expect to be walking down the street to find stickers within a block of each other saying "Leather Queers Rule-BARF" and "S/M = Violence-BARF". The main thing is people are out there working. The CORE group should be small enough to build trust and a strong political vision. Most important to BARF though, is that ACTION is the logical consequence of theories, the current situation is intollerable.

How to BARF

It's not easy to BARF. For some it takes years of practice, but once you've made the decision to BARF, there's no going back.

It's simple, you send the slip below along with a SASE, and we put you on the mailing list, and it's free!

Both MEN And WOMYN get to BARF

The name stays the same, PERIOD!

People define themselves!

If you start a local CORE let us know you exist and what's up!

The Racist Hetero Patriarchy makes me wanna BARF! COUNT ME IN!

THE SOCIETY FOR THE SCIENTIFIC STUDY OF SEX

WESTERN REGION - DAVID P. McWHIRTER, M.D., - 1995 PROGRAM CHAIR
9874 ORANGE LANE, ESCONDIDO, CA 92029 (619)692-5577 fax 692-8674

SSSS WESTERN REGION CONFERENCE, APRIL 20-23, 1995
HYATT REGENCY SUITES, PALM SPRINGS, CA

CALL FOR PAPERS

"THE SCIENCE OF SEXUAL ORIENTATION"

Hardly a month passes without new scientific discoveries about issues surrounding sexual orientation. Although the term originated in research on homosexuality, everyone has a sexual orientation, as well as a sort of more specific preferences or fantasies about their ideal partner and sexual interactions with that partner.

The Western Region Council for the SSSS has decided that its 1995 meeting will focus on sexual orientation in its broadest sense. We seek national and international participation from recognized scientists in neuroanatomy, endocrinology, sexology, genetics, ethology, psychology, anthropology, and sociology to deliver plenary presentations, papers and workshops. The conference will be dedicated to cross-fertilization of scientific findings and opinions with the possible publication of its papers and outcomes.

We invite you to submit proposals for concurrent sessions on work in any subject matter related to issues of human sexual orientation. We particularly seek presentations which relate to:

- Research programs investigating the definition, ascertainment, variability, and correlates of particular sexual orientations.
- Clinical workshops and research about the therapeutic issues involve in treating people of each sexual orientation.
- How to direct sex education efforts about sexual orientation and how to target specific campaigns to people of particular sexual orientations.

For example, concurrent sessions might address topics such as:

- What are the most common lovepairs among heterosexuals? Bisexuals? Homosexuals?
- Which problems in sex and intimacy are most common in each orientation?
- If there are differences, why do they arise?
- How to conduct safer-sex educational campaigns tailored to people with particular sexual orientations or lovepairs?

If submitters have new and important information that the scientific community needs to learn about concerning issues that are not related to sexual orientation, there will be space for such presentations. Please do not hesitate to call to discuss what you would like to present.

We hope that the Palm Springs meeting will set a new benchmark in SSSS conferences by focusing on a single topic. This meeting has the potential for wide participation by scientists from many disciplines. Please help make it a meeting to remember! If you plan to attend this meeting, it is requested that you make your reservations at the Hyatt as soon as possible. Call 1-800-233-1234.

If a Proposal form is not received with this call for papers, please contact Dr. McWhirter at the above address. Proposals are due by November 10, 1994.
